As an independent, co-educational, CARE (Curriculum and Reengagement in Education) School, Alta-1 is a Christian organisation which works with students from years 7-12. We work with at risk young people providing them with wrap around support as they go on a journey of transformation to discover their unique sense of identity and purpose. We are fully committed to their **safety, wellbeing and welfare at all times.**

Recognising that our young people learn best when they feel **connected**, Alta-1 prides itself on being a place of belonging; fostering deliberate connection, safety and community relationship, all in the pursuit of individual self discovery.

As a member of our regional staff, you will be part of a **team involved across all campuses and programs in the region**, working together to create a compassionate environment that is conducive to student transformation.
