As an independent, co-educational, CARE (Curriculum and Reengagement in Education) School, Alta-1 is a Christian organisation which works with students from years 7-12. We work with at risk young people providing them with wrap around support as they go on a journey of transformation to discover their unique sense of identity and purpose. We are fully committed to their **safety, wellbeing and welfare at all times.**

Recognising that our young people learn best when they feel **connected**, Alta-1 prides itself on being a place of belonging; fostering deliberate connection, safety and community relationship, all in the pursuit of individual self-discovery.

As a member of our campus staff, you will be part of a **small but impactful team**, all working together to create a compassionate environment that is conducive to student transformation.

*We believe in
changing lives –
one at a time.*

PLAYING TO YOUR STRENGTHS

As a highly relational team builder, you hold a pivotal role in creating a campus environment where students can thrive, and your team can succeed. Your team look to you for guidance and leadership. They follow your example in dealing with fellow staff members, parents, students and external stakeholders. You are the campus culture nurturer.

You will have the critical task of maintaining open and thoughtful relationships with multiple stakeholders, all working together to ensure the holistic wellbeing and future success of your students. These relationships may include parents, chaplains, Alta-1 leadership, your support staff and student therapeutic teams. Clear and timely communication is essential, especially with parents. At times, these conversations may be difficult; your high emotional and social intelligence will help you to navigate these conversations to positive outcomes.

Your ability to flex to changing needs and circumstances allows you to build individualised learning pathways for the students in your care. You can work outside of traditional learning structures where your student's progress in engaging with the world is often more important than their formal education. You think outside the box, bringing your creativity and passionate desire to see students succeed to every interaction and conversation.

Attention to detail is essential in accurately recording student activities - mandatory, regulatory and optional. Your detailed student notes help facilitate essential NCCD funding for Alta-1, allowing the College to continue its good work. You will need to manage multiple resources, plan for future activities and lessons as well as navigate several learning management systems, while supporting students on their journey of recovery and change.

This is more than a job, it's a calling.

YOU'LL KNOW YOU'RE SUCCESSFUL WHEN...

- Students feel safe to engage in their own journey of self-transformation and are making positive progress
- Your team is showing signs of personal and professional growth and development under your leadership.
- The campus is running smoothly and your team is working together to achieve best outcomes for your students
- Your relationships with parents, chaplains, support team members and other external stakeholders are positive and respectful.
- Mandatory documentation is accurately captured and submitted timeously.
- Communications are practical, respectful and caring.

HERE'S WHAT YOU'RE RESPONSIBLE FOR...

There is no typical day in the classroom. You can expect to face different challenges and leverage different opportunities every day. Your focus is on **giving your students the best chance at a fruitful life** and **facilitating a warm, caring environment for all team members.**
